Professional Development Certificate of Attendance

KSITE Event: **July 2025 Regular KSITE Section Meeting**	Title of Program: **KTA Comprehensive Safety Assessment**
Date of Program: **07/10/2025**	**In 2020, the Kansas Turnpike Authority initiated a three-phase comprehensive safety analysis with the ultimate goal of identifying projects that would reduce the likelihood of fatal and serious injury crashes. The three phases included data review and stakeholder engagement phase, a countermeasure identification and prioritization phase, and an implementation phase focused on setting the Turnpike up for continuous safety assessment and improvement into the future.** **The results of this project are already informing safety initiatives and projects aimed at reducing fatalities and serious injuries on the Turnpike.** **Speakers: Kristi Eichkorn & Allison Karagiorgas**
Location of Event: **Mazuma Credit Union Community Room** **7260 W 135th St.** **Overland Park, KS 66223**	
Length of Program (Speaker Presentation Only): **4:00pm – 5:00pm (1.0 Hour)**	Professional Development Hours (PDH): **1.0**

The Kansas City Section of the Institute of Transportation Engineers certifies that the sponsored program was presented as indicated above. Only individuals attending this program have been issued a certificate.
