Professional Development Certificate of Attendance

KSITE Event: **September 2025 Regular KSITE Section Meeting**	Title of Program: **K-96 Project in Wichita Kansas**
Date of Program: **09/11/2025**	**WSP and GFT partnered with the Kansas Department of Transportation (KDOT) to implement the K-96 Improvements Project, which will enhance safety, increase capacity, and alleviate congestion on the heavily trafficked Kansas State Highway 96 (K-96) freeway in Wichita. With a budget of $260 million, the K-96 Improvements Project will upgrade the K-96 corridor between Interstate 135 and Interstate 35. The nine-mile stretch of freeway will undergo significant upgrades to accommodate the anticipated growth and development in the region, where daily vehicle users will double from 50,000 to 100,000 by 2050.** **Speakers: David A. Church & Slade Engstrom**
Location of Event: **Virtual**	
Length of Program (Speaker Presentation Only): **12:00pm – 1:00pm (1.0 Hour)**	Professional Development Hours (PDH): **1.0**

The Kansas City Section of the Institute of Transportation Engineers certifies that the sponsored program was presented as indicated above. Only individuals attending this program have been issued a certificate.
